

Autumn

Key Idea

Knowledge

Focused skill

Nutrition and the body

Consolidate

Stretch

Explore body parts, health and nutrition.

Explore naming teeth and digestive organs.

Classify and communicate

To Identify types of teeth and foods groups and

Describe how some food and drink can damage our teeth.

Electricity

Consolidate

Stretch

Explore electricity and appliances.

Explore constructing and controlling circuits.

Plan and Do

To investigate circuit equipment and/or conductors, insulators and switches.

Spring

Key Idea

States of matter

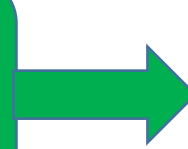

metal	glass	plastic	fabric
concrete	wood	ceramic	rubber

Knowledge

Explore different materials.

Explore States of matter

Focused skill

Record and review

To review investigations on heating, cooling and temperature.

Sound

Petal
Sepal
Ovary
Pistil
Anther
Pollen
Stamen

Explore hearing and different sounds.

Explore travelling sound

Plan and do

To investigate changing sounds

Summer

Key Idea

Knowledge

Focused skill

Habitats and living things.

Consolidate

Stretch

Explore naming plants animals and habitats.

Explore habitats, food chains and human impact.

Classify and communicate

To Group animals and use keys.

Describe what a plant needs to grow or how humans can affect habitats

Science through stories

Review the following concepts through a variety of stories - materials, states of matter and plants.

Record and review

To review experiments linked to the stories.
